Policy Owner's Employer: _____

Does the child brush their teeth daily? ☐ Yes ☐ No Floss their teeth daily? ☐ Yes ☐ No

Take fluoride supplements? ☐ Yes ☐ No

Consent for Services

As a condition of your treatment by this office, financial arrangements must be made in advance. The practice depends upon reimbursement from the patients for the costs incurred in their care and financial responsibility on the part of each patient must be determined before treatment.

All emergency dental services, or any dental services performed without previous financial arrangements, must be paid for in cash at the time services are performed.

Patients who carry dental insurance understand that all dental services furnished are charged directly to the patient insurance company as a service to our patients. This office will prepare the patients insurance forms and assist in making collections from insurance companies and will credit any such collections to the patient's account. However, this dental office cannot render services on the assumption that our charges will be paid by an insurance company. Any balance not paid by the insurance company will be billed to the patient/parent.

I understand that the fee estimate listed for this dental care can only be extended for a period of six months from the date of the patient examination.

In consideration for the professional services rendered to me, or at my request, by the Doctor, I agree to pay therefore the reasonable value of said services to said Doctor, or assignee, at the time said services are rendered, or within five (5) days of billing if credit shall be extended. I further agree that the reasonable value of said services shall be as billed unless objected to, by me, in writing, within the time for payment thereof. I further agree that a waiver of any breach of any time or condition hereunder shall not constitute a waiver of any further term or condition and I further agree to pay all costs and reasonable attorney fees if suit be instituted hereunder.

I grant my permission to you or your assignee, to telephone me at home or at my work to discuss matters related to this form.

I have read the above conditions of treatment and payment and agree to their content.

_____ Date: _____ Relationship to Patient: _____
Signature of guarantor of payment/responsible party

Informed Consent for General Dental Procedures

You, on behalf of the patient, have the right to accept or reject dental treatment recommended by your dentist. Prior to consenting to treatment, you should carefully consider the anticipated benefits and commonly known risks of the recommended procedure, alternative treatments, or the option of no treatment.

Do not consent to treatment unless you have discussed all potential benefits, risks, and complications with your dentist and all questions you may have are answered. By consenting to the treatment, you are acknowledging your willingness to accept known risks and complications, no matter how slight the probability of occurrence.

It is very important that you provide your dentist with accurate information before, during, and after treatment. It is equally important that you follow your dentist's advice and recommendations regarding medication, pre and post treatment instructions, referrals to other dentists or specialists, and return for scheduled appointments. If you fail to follow the advice of your dentist, you may increase the chances of a poor outcome.

Please read and sign the bottom of the form:

1. **Treatment to be provided:** I understand that during the course of treatment that the following care may be provided: Examinations, preventive services including sealants, x-rays, and restorations
   Services like: Crowns, extractions, and the use of nitrous oxide (laughing gas) require consent from a guardian at the time of treatment

2. **Drugs and medications:** I understand that antibiotics, analgesics, and other medications can cause allergic reactions causing redness and swelling of tissues, pain itching, vomiting, and/or anaphylactic shock (severe allergic reaction)

3. **Changes in treatment plan:** I understand that during treatment it may be necessary to change or add procedures because of conditions found while working on the teeth that were not discovered during examination, the most common being pulp therapy following routine restorative procedures. I give my permission to the dentist to make any and all changes and additions and necessary.
